SENATOR BAKER: I'm not opposed to notifying them, no. And I'm not so sure but what they aren't already, but I'll check on that.

SENATOR JANSSEN: Well, according to the day-care operator that I spoke with last summer, they are not. They are not personally notified when one of these offenders move into that community. And they do move from one area to the other within that city. And I...and I think that that division within HHS should notify because they're awfully vulnerable young people and that would...

SENATOR BAKER: I...I would agree with that, and part of...one of the provisions in this bill is that if a person moves within even a city, within a county with...you know, they change their address...the way it is now they can move within a county and not have to refile as...that was a court case that came out of Lincoln County out at North Platte, and that tightened...this bill does tighten that up. But as far as the notification of the child-care provider, I don't know, and I'm going to have to find out on that. But I certainly would not have a problem with putting an amendment on this to notify them if they're not already.

SENATOR JANSSEN: Well, that's what...the question would have never been brought up unless this woman hadn't have approached me with this. She didn't have the idea, she just said that she wished that they would be notified. And the same with either parochial schools or public schools also. Are they notified?

SENATOR BAKER: I can't answer that question, but I will find an ans...I'd get the answer for us because I...I don't honestly know, but I will certainly find out.

SENATOR JANSSEN: Well, and Senator Baker, I believe I'll probably get an amendment together and either put it on on General File, it all depends on how long we're going to be on that this afternoon and...or on Select File. If you would have any problems with that, why you can...

SENATOR BAKER: I don't have any problem with it. And I will
